

# LAUNDRY CHEMICALS

## Liquid Laundry Detergent

C-DL05

- Penetrates, dissolves and flushes away dirt, grease, oil and food stains
- Works in hot or cold water, rinses clean and leaves no residue
- Safe for all washable fabrics, and is great for cleaning wool, silk and delicate synthetics
- Phosphate-free, 100% biodegradable and environmentally safe

## Enzyme Laundry Detergent

C-EL05

- Latest development in Enzyme technology
- Super detergency and super sequestering helps in the soil and stain removal process
- Works great in hotel, motel and hospital laundries
- Phosphate-free, 100% biodegradable and environmentally safe

## Granular Detergent with Oxygen Bleach

C-DSL06

- An all-in-one detergent with color safe bleach
- Contains biodegradable surfactants, brighteners, water softeners and soil suspending agents that remove ground-in dirt
- Works well in all water conditions and temperatures

## Builder

C-BL05

- An excellent heavy-duty liquid concentrated booster for hard water conditions
- Rapidly penetrates, breaks down and flushes away food residues, grease, fats, oils, lipstick, protein, coffee, tea and other stains.
- Prevents clogged lines and is biodegradable

## Oil Emulsifier

C-OEL05

- Designed to release soil and oily stains from all washable colorfast fabrics
- Odorless formula results in no strong fumes during use or carry-over smells on finished laundry
- Use of this product eliminates costly pre-soaking and reduces rejected loads

## Granular Enzyme Laundry Detergent

C-ESL50

- An enzyme based, low alkalinity detergent
- Can be used on white or delicate colored fabrics to produce the whitest and brightest shirts
- Excellent for pre-soaking, removes organic stains

# LAUNDRY CHEMICALS

## Chlorine Bleach

C-CL05

- Oxidizes and bleaches soil and stains in hard or soft water
- When used with an appropriate wash formula, penetrates and dissolves grease, fat, egg, milk, lipstick, protein, blood, stains and food residues quickly and completely
- Used to brighten and destain all your chlorine-safe fabrics

## Oxygenated Bleach

C-OL05

- Highly concentrated oxygen bleach, safe on all white and colorfast washable fabric
- Revitalizes the color of dull and faded fabrics, reduces linting and prevents tensile strength loss
- Compatible with all detergents and soaps including enzyme products

## Softener

C-SL05

- Lubricates the fabric for less wrinkling, less sticking and reduces static for speedier ironing
- Prevents skin irritation from residual alkalinity
- Reduces extraction and drying time, minimizes linting and reduces friction wear
- Phosphate-free, 100% biodegradable and environmentally safe

## Iron Sour

C-IL05

- Balanced blend of organic acids to give a maximum effect of neutralizing excess alkalinity in laundry work
- Removes rust and helps prevent yellowing
- Recommended where dissolved iron in water can be a problem

## Soft and Sour

C-RL05

- Combination sour additive and fabric softener in convenient liquid form
- Lubricates fabrics and reduces static electricity, leaving a soft-touch feeling
- Prevents yellowing and graying by neutralizing residual alkali and dissolving hard water lime and iron stains
- Safe for use on all cottons, linens and synthetic fabrics

## About HD Chem

HD Chem is a leading supplier of dish machine, laundry and cleaning/sanitation chemicals for the hospitality, commercial, industrial and institutional communities. We also specialize in commercial cleaning products and commercial kitchen supplies. Our goal is to provide excellent service and products that allow you to maintain a clean, safe environment for your customers and employees. We achieve this through comprehensive product design and service program implementation. With our team of industry experts, HD Chem ensures you are provided with the highest level of customer service.
