

HD Chem Improves the Hotel Experience

The Best Cleaning Products for Linens, Towels, and Dishes for Hotels

June 24, 2014 – When guests choose to stay at your hotel, a tremendous amount of time and care has gone into making sure that their stay is perfect and exactly as you have envisioned. Each room's bedding and towels needs to be just as perfect as the accommodations themselves. An essential part of this experience is having the confidence that your guests are always greeted with flawless sheets and bright spotless towels.

HD Chem's laundry detergents, presoaks, stain removers, and softeners remove soils that commonly plague hotels and spas, from dried-on stains to suntan lotions. Our detergents and laundry solutions are powerful and effective even in the smallest amounts. HD Chem's laundry solutions are unsurpassed in guaranteeing that your guests are able to enjoy their stay and not focus on your linens.

In addition to the room's sheets and towels, HD Chem provides a comprehensive line of cleaning supplies for the entire guest room and bathroom as well. From floor and glass cleaners, wood polishes, and various disinfectants, all HD Chem solutions produce amazing results that make sure you deliver the best experience to each and every guest.

For hotels with banquet facilities, restaurants, and bars, HD Chem provides a complete package of cleaning solutions for both kitchens and dining rooms. HD Chem's top of the line dish detergents, presoaks, enzyme stain removers, and rinse aids ensure the focus stays on your food and beverages and not your plates, utensils, and glasses.

Contact HD Chem today to find out how we can help your hotel is always at its best. For more information on all HD Chem's hotel solutions, please visit our website at http://www.hdchem.net/industries_hotels.html

About HD Chem:

HD Chem provides the highest quality kitchen, laundry, and cleaning products for top restaurants, hotels, and businesses throughout Southern California.
