

SAFETY DATA SHEET

1. Product and company identification

Product Name ULTIMATE POT & PAN DETERGENT

Product Code C-P201

UN/ID No. DOT (US): NON HAZARDOUS

Recommended use of the chemical

Recommended Use Hand washing of Pot & Pans, Dishes, Glasses

Supplier: **HD Chem**
707 W. 16th St
Long Beach, CA 90813
(888) 443-2436

Print date: November 23, 2014

In case of emergency: Call (888) 443-2436

Product type: Mixture

2. Hazards identification

Appearance: Green

Physical State: Liquid

Odor: Lemon

Classification: Non- Hazardous

Hazard Statement:

Effects of overexposure (for each potential route of exposure)

INHALED: None

SKIN: Mild Skin Irritant

EYES: Mild Eye Irritant

SWALLOWED: Harmful if swallowed, will cause throat irritation

Precautionary Statements – Preventions

Keep out of reach of children
Read label before use
Wash hands thoroughly after handling
Wear eye protection

Precautionary Statements – Response

If medical advice is needed, have product container or label at hand.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

IF SWALLOWED: Harmful if swallowed, will cause throat irritation. Rinse mouth. Do **NOT** induce vomiting. Get medical attention.

Precautionary Statements – Storage

Store in a cool, dry, well ventilated area away from heat or flame

Precautionary Statements –Disposal

Dispose of contents/container to an approved waste disposal plant

3. Composition/information on ingredients

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section

4. First aid measures

Eye contact:	Immediately hold the eyes open and wash with fresh running water. Take care not to rinse contaminated after into non-affected eye. Ensure complete irrigation of the eye by keeping the eyelids apart and away from the eye and moving the eyelids by occasionally lifting the upper and lower lids. Remove contact lenses, if present and easy to remove. Continue rinsing. If symptoms persist, obtain medical attention.
Skin contact:	Wash skin thoroughly with plenty of water. Remove contaminated clothing and wash before re-sue. If symptoms develop, obtain medical attention.
Inhalation:	Remove from source of exposure. Keep at rest until recovered. If symptoms persist, obtain medical attention.
Ingestion:	Do not induce vomiting. Immediately remove product from the mouth and wash out mouth with plenty of water. If symptoms develop, obtain medical attention.
First Aid Facilities:	An eye wash fountain, safety shower and general washing facility should be available immediately adjacent to the work area.
Note to physician	Treat symptomatically

5. Fire-fighting measures

Flash point:	Closed Cup:>212 ⁰ F (98.9 ⁰ C) None to boil (Pensky-Martens) ASTM #D-93 Open Cup: >212 ⁰ F (98.9 ⁰) None to boil (Cleveland) ASTM #D-92
Flammability of the product:	This product is non-flammable. This material may decompose and produce toxic and/or irritating fumes under fire conditions.
Extinguishing media:	Use appropriate fire extinguisher for surrounding environment.
Special protective equipment for fire-fighters:	Determine the need to evacuate or isolate the area according to your local emergency plan. Use water spray to keep fire exposed containers cool. Self-containing breathing apparatus and protective clothing should be worn in fighting large fires involving chemicals.

6. Accidental release measures

Personal precautions:	Avoid eye contact. Determine whether to evacuate or isolate the area according to your local emergency plan. Use water spray to keep fire exposed containers cool. Self-containing breathing apparatus and protective clothing should be worn in fighting large fires involving chemicals.
Environmental precautions:	Prevent run off into drains and waterway. If a large quantity of this material enters the environment, contact the relevant regulatory authorities. Dispose of waste according to Federal, E.P.A., State and Local regulations.
Methods for cleaning up	Observe all personal protective equipment recommendations described in this SDS
Containment and Clean Up:	Contain spill. If leaked material can be pumped, store recovered material in appropriate containers. Clean up remaining materials from spill with suitable absorbent. Dispose of saturated absorbent material or cleaning materials appropriately. Laws and regulation may apply to released and disposal of this material. You will need to determine which laws and regulations are applicable.

7. Handling and storage

Precautions for Safe Handling	Use a well ventilated area. Avoid breathing in mists or vapor. Avoid skin and eye contact. Do not take internally. Exercise good industrial hygiene practice. Wash after handling, especially before eating, drinking, smoking or using toilet facilities.
Storage	Store in a cool, dry well ventilated area, away from heat and out of direct sunlight. Keep away from oxidizing agents, strong acids and foodstuff containers.

8. Exposure controls/personal protection

Consult local authorities for acceptable exposure limits.

Engineering Controls **Apply technical measures to comply with the occupational exposure limits. Local exhaust ventilation recommended. Eye wash stations. Showers.**

Individual-protection measures, such as personal protective equipment

Eye/Face Protection	No special equipment is usually needed when occasionally handling small quantities. For bulk handling wear suitable protective glasses or goggles.
Skin and Body Protection	The information at hand indicates that this product is not harmful and that normally no special skin protection is necessary. When handling bulk quantities, wear gloves of impervious material.
Respiratory Protection	Domestic quantities require no special equipment with normal careful use. When handling bulk quantities, avoid breathing mist or vapors. When ventilation is inadequate and mists or vapors are generated, respiratory protective equipment should be used suitable for protecting against airborne contaminants.

General Hygiene considerations

9. Physical and chemical properties

Physical state:	Liquid
Boiling Point:	212 ^o
Color:	Green
pH:	7.0

Specific Gravity: (H₂O-1) 1.0
Percent solid by weight: 8-10%
Odor
Percent volatile by weight: 90%
Solubility in Water: 100%

10. Stability reactivity

Stability Stable
Hazardous polymerization Will not occur
Conditions to avoid Do not mix with other ingredients except water
Materials to avoid Strong Acids, Strong Oxidizing Agents
Hazardous decomposition products None

11. Toxicological information

Acute toxicity: Not Determined

No components of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC, ACGIH, NTP, OSHA

12. Ecological information

Environmental effects: Not Determined

13. Disposal considerations

Waste disposal: The generation of waste should be avoided or minimized wherever possible. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe way. Dispose of surplus and non-recyclable products via a license waste contactor. Disposal of this product, solutions and any by products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilled material and runoff and contract with soil, waterways, drains and sewers.

Refer to Section 7: HANDLING AND STORAGE and Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION for additional handling information and protection of employees.

14. Transport information

Dot (U.S.) Classification: Not Regulated

15. Regulatory information

California Proposition 65:
This product does not contain any Proposition 65 chemicals

16. Other information

<u>HMS</u>	Health Hazards	Flammability	Reactivity	Personal Protection
